March 17, 2007 - ADC KRONE wins \$3.4M structured cabling contract from TCS

BANGALORE, INDIA 17th March 2007 ADC KRONE a leading provider of communications network infrastructure solutions, today announced winning presumably the country's largest structured cabling contract from TCS (Tata Consultancy Services) for their facility in Siruseri, Chennai. This global scale facility in Siruseri (near Chennai) is reportedly one of the largest and the most modern of its kind expected to house over 20,000 IT professionals when completed.

ADC Krone will network the entire TCS facility at Siruseri with its Truenet brand of structured cabling solutions. Designed to cater the future needs of network managers ADC Krone's Truenet solution will cater to TCS's Data & Voice Communications and Network infrastructure requirements:

It includes Cat 6 Copper and Fibre connectivity, 10G over Ethernet and Truenet PLM - connectivity technology with Intelligent Physical Layer Management that provides a complete end-to-end, real time control and management of enterprise copper and fiber networks.

The contract involves design, installation, testing & commissioning besides product supplies. ADC KRONE has been building design competencies and technical expertise in this area and also establishing strong partnership alliances to address such comprehensive customer requirements in the enterprise market place.
