

# Fibre Panel – 19" Rackmount

FPS - 03, Fibre Panel 19" Rackmount – SC

Issue 1

## Product Description

ADC KRONE's FPS-03 series of Fibre panels provides industry leading fibre cable protection and management. The panel utilises an internal splicing system that creates a compact and easy fibre management solution. The patching area is fixed and the splice tray for this panel will 'Slide-out' for easy splice access. The panel is available, pre-terminated with colour coded pigtails to simplify ordering and reduce installation time.

## Features:

- The front patch cords need not be disturbed during splicing and maintenance
- Metal housing with movable splice tray and integrated fibre management
- Each splice tray accommodates 12fibres
- Front door with latch for patch cord protection
- Best suited for rack mounting in horizontal and Equipment distribution areas
- Available in 24, 48 and 96 ports with SC adaptors
- Front Access for easy patchcord and splice management
- Cable management and routing limits bend radius and adds strain relief
- Slack storage to manage and protect excess optical fibre length
- Identification labelling
- Adjustable mounting bracket available for 19" and 21" rack mounting
- Colour coded pigtails for easy identification of fibre
